**KIRKLEVINGTON AND CASTLE LEAVINGTON PARISH COUNCIL**

**Minutes of a Meeting held on Tuesday, 22nd September 2026 at 7.00p.m held in The Balcony, Kirklevington Memorial Hall**

**Present:** **Neil Clement (Chair) (NC)**
**Jenny Smith (JS)**
**Becky Rogerson (BR)**
**Mrs. R. Mazonas (RM) (Clerk) (PC)**

Also in attendance: Nigel DeBadgecoe, Mrs Jennie Beaumont, Mr John Downs (Acting Head Kirklevington Primary School), Mr & Mrs Stewart

**1) APOLOGIES FOR ABSENCE**

Borough Councillor Mr A Sherris, Parish Councillor Karen Shields

**2) DECLERATION OF INTERESTS**

John Downs declared a non-prejudicial interest as Acting Head of Kirklevington Primary School. Mrs J. Smith declared a non-prejudicial interest at tenant of Farm House at Grove Farm.

**3) MINUTES OF THE LAST PARISH COUNCIL MEETING**

Minutes of the last Parish Council meeting had been read by all present and duly APPROVED **JS, BR**

**4) MATTERS ARRISING FROM THE LAST PARISH COUNCIL MEETING**

**Election of Vice Chair – NC asked all Parish Councillors if anyone would like to be Vice Chair. With no** volunteers **NC** requested that this be put on the October Agenda for consideration. BR suggested that it might be a good idea to let anyone wanting to take the post to know what is expected if then. **NC** outlined the responsibilities.

**5) MINUTES OF THE EXTRAORDINARY PARISH COUNCIL MEETING -6.7.2026**

The Extraordinary Parish Council meeting minutes had been read by all present. **APPROVED NC, AMc**

**6) PUBLIC PARTICIPATION**

**NC** adjourned the meeting and opened the meeting to members of the public who wish to speak.
NC just for those who have never been before, the format of Public Participation as he knows that there are strong and understandable feelings in the community regarding various topics and we are here to listen to your experiences. To ensure that everyone who wants to speak has a fair chance to be heard we will be following our standard council procedures and each speaker will have a maximum of 3 minutes so we can hear from as many people as possible. Councillors will be able to ask questions afterwards. Please direct your comments to him, as the Chair. This is a listening slot for the Council and so we don't enter into a back-and-forth debate, your points will directly inform our decision making afterwards.
**NC** opened the meeting – **Mr Tim Stewart (TS)** introduced himself and his wife **Bridget Stewart (BT)**who had moved to Hopper Close on Oaklands two and a half years ago. **TS** expressed his love of the village and his house. He explained that when they moved in, they had an open vista to the front of their house looking over the suds basin. **AMc** pointed out to **TS** that the Council had looked at this issue before after they had had a discussion re the issue. TS stated that when they had purchased the house Taylor Wimpey promised them that the underground pumping station which is part of the suds would remain underground apart from a green control box. Approximately a year after they had moved in, they went back on that promise and built an 8-foot fence around it which is right in front of our front window which looks disgusting. We complained to the New Homes Ombudsman Service who upheld our complaint in a draft decision and said that Taylor Wimpey had made a misrepresentation to them when they sold them the house. During that process he discovered that Taylor Wimpey had shown different plans to the Planning Department than what they showed to customers. So at that point he had gone on to SBC's website and looked at the plan and noticed that there was never any indication of a fence on their plans. He had informed SBC and they agreed that it was a planning breach and that was almost a year ago. He has been pushing SBC to carry out and Enforcement ever since and just last week Taylor Wimpey has now applied for retrospective planning permission for the erection of the fence. He indicated that they

would be objecting to the application together with most of his neighbours. He indicated that there are 3 basic reasons for objection. Firstly: it looks unsightly. Secondly: it is unnecessary. At this point he asked the meeting if we knew **Ward Councillor T. Riordan (TR)** who was very helpful and had told them that there is a similar facility in Norton and that it had been agreed that that facility did not need to have a fence. He informed the meeting that the reason for the fence being erected to all for the adoption by **Northumbrian Water** they fence as they thought that this area was **Yorkshire Water,** and their regulations do not require a fence. He indicated that he does not think that the fence is necessary and that there are avenues that **Taylor Wimpey** can go down to not have a fence, but they have chosen not to do that. Apart from the fence being ugly, one of the most horrible things that they have witnessed workmen using it as a toilet and photographic evidence is available. **NC** questioned as to what the workman said. **TS** stated that he did not challenge the man. The **PC** drew to the attention of **TS** that when sending in their objection they should consider sending in by email to development servicers as they can then attach photographs. **TS** pointed out another major issue is that SBC sent out a letter to residents re this new application last week, but he has not received one and other neighbours have also not received a notification from **SBC**. **NC** asked if he received anything now. **TS** confirmed that he has not received anything re the application. NC reported that he had had a discussion with **Elaine Atkinson (EA) from SBC,** and he had asked for an extension on the consultation period which is 21 days. **TS** informed the meeting that **TR** and also **Will Wearmouth** Case worker **Matt Vickers MP** are helpful. **NC** indicated that **EA** has now come back to us stating that 21 days is a statutory time period. However comments can be made up to the date of determination. **EA** indicated that she does not intend to extend the consultation period but will not make a decision until at least the 16th of October, therefor giving a further 10 days for comments to be submitted. **TS** indicated that the 21 days should be from when residents received notification of the application which does not seem to be the case. **JB** commented that she thought it was unusual for them to put an 8-foot fence as it was usual for only a 6-foot fence. **NDB** indicated that the fence was not around the suds to avoid confusion it was just around the box for the underground pumping station. **NC** questioned if 43114/GA/0005 plan actually went to planning? It is on the Planning Portal, but it does stipulate 2.4-meter-high fence. Is this just a construction issue for the builders and did not go to Pla. ng and is dated 28/03/2023. **NDB** asked what the drawing number is? It was confirmed that it was CO1. **NDB** stated that this could be the issue drawing after the drawings were shared with the residents. He asked **TS** if this was before or after the date that they were purchasing the property? He indicated that it was 2023 but moved in in 2024. **NDB** stated that he wants to establish if they were looking at the revised plans or the previous plans. This could be misrepresentation. **TC** indicated that he has copies of what was shown to them and they were with the Ombudsman. **NDB** asked **TC** to share any copies of what was shown to them with **NC. He** also asked if he is looking at SBC **Portal** to see when the new plans were submitted as there should be a date for the submission. It is important to show. It is important to cross reference what was shown to **TC** and what is on the portal. **TC** asked if this is still relevant as SBC have already agreed that it is a planning breach? **NDB** stated that a planning breach is only showing that there is a need to go back and apply retrospectively and you are always able to go back and apply retrospectively. **NC** questioned, if this is a breach, which Elain Atkinson says that it is, they are not using that drawing. TC confirmed that he had downloaded other drawings and documents that specifically states Yorkshire Water and not Northumbrian Water. **JS** asked if they had a copy of the plan that they were shown and TC confirmed that it was a sales document. She also pointed out that Northumbrian Water had to give permission for water to be discharged into the drains at the top end of St, Martins Way and they would not allow anything else. NDB drew to the meetings attention that there had been issues with the pumping station not being up to spec and needing to be upgraded to cope with the water. Water was having to be removed by Bowzers and taken off site as the suds were not coping with the volume of water. JB stated that we must keep our Borough Councillor updated on the issue and get her to go into the Planning Office and ask to see all the documents. **NC** asked if the anti-social behaviour of workmen using the area as a toilet had been reported to Environmental Health or the

Police. It was confirmed that it had not. It was suggested that this was necessary. NC asked if the layout of the fence creates a hidden alcove that cannot be seen from the road. The answer was yes but visible to residents in the houses. He stated that Northumbrian Water can offer design wavers in sensitive areas and asked if Taylor Wimpey are forced to compromise what alternative specific layout would be acceptable. **TC** clearly stated **NO FENCE** as it was specifically designed band the Site Manager has stated that it does not need a fence as all the manholes that are there are lock down to legal specification and safe standards. It is just because of Northumbrian Water. **TC** pointed out that the fence timber is showing signs of rotting. **NC** - The NOHOS investigation, Taylor Wimpey admitted showing buyers the wrong plans and asked if they had put that in writing? **TC** confirmed that he was sure that they had and that it is on his portal. **NC** asked for a copy. Finally do you have details of the site in Norton that Borough Councillor Tony Riordan was referring to? TC is waiting for him to get back to him but confirmed that the underground pumping station that he was referring to was under a children's playground. **TC** stated that once he finds out where the site is he will go over and take photographs. NDB suggested that he reach out to Borough Councillor Andrew Sherris. **NC** stated that should the objection be voted on by the Parish Councillors, an objection will be sent in to SBC. **TC** pointed out that Borough Councillor T. Riordan is pushing for this to go to full Planning Committee for consideration.

**7) KIRKLEVINGTON PRIMARY SCHOOL – MR. JOHN DOWNS, ACTING HEAD (JD)**

**NC** welcomed John Downs to the meeting. **JD** thanked the Parish Council for allowing him to update them re the school. The previous Head Teacher left at the end of the summer term and for this term himself and Mrs Ogara are pairing the Head Teacher role as the previous Head left without there being time for the post being advertised and filled. The new Head Teacher appointed will not be able to take up the post before January so, this term, on a shared basis, they are running the school. Mrs Ogara is new to the Spark Trust. Spark Trust has overall responsibility for Kirklevington Primary school and Mrs Ogara is a very experienced Head Teacher who has been Head of Nunthorpe Primary and other schools in Redcar and is an asset to the Trust and Kirklevington. He pointed out that he does not have experience in primary education but had an overview of Kirklevington and worked with Mrs Peacock. **NC** asked if he was previously at Conyers? This was confirmed by **JD. BR asked about the Spark Trust. JD** reported that they have 15 schools across Teesside with 4 Secondary Schools and 11 Primary Schools covering 7 to 8000 sudents. This school is in a strong position and is almost full of the KS1l being full and some places available in KS2. The school has a unique characteristic. Unfortunately, we don't have any space to make the school bigger. However, having taken round candidates for the Headship, they were surprised as to how much space is available. **NC** asked if there were any challenges in the school that the Parish Council can help with? **JD** stated that the car park on Pump Lane is very helpful and parents are able to walk up from the bottom gate into school. He also pointed out that they were always looking for Governors. The **PC** suggested that having been a Governor for many years, consideration should be given as to the time of the meetings if the school wants parents to volunteer. **JD** agreed to take the advice into consideration. **AMc** pointed out that the school has not recently taken part in the village Kirkfest week as they had in the past which is disappointing. **JD** was aware of Kirkfest and with the new Team we want to be part of the village. **JS** had noticed that there are lots of risky parking around 8.00a.m. on Forest Lane at the end of the school drive. She also pointed out that the Parish Council had funded parking signs to go at the end of the drive on Forest Lane. **JD** stated that the reason why they are parking there is for dropping off for Breakfast Club and the bottom gate is not open at that time. The **PC** pointed out that the Village Hall car park has always been made available to parents to park there before school. **NC** drew attention to the condition of the footpath around the school which has been reported to SBC. We hope to get it cleared and fit to walk on shortly. **JD** confirmed that he has now been in touch with the neighbours of the school re the new School Sign and has apologized. The old sign was not visible. **NC** asked if the school would like to contribute to the Newsletter which goes out about 3 times a year. **JD** confirmed that he would like to contribute. The school is now sending out a school newsletter fortnightly

but pointed out that the school is in a good place. There are around 140 children now in the school. NC thanked JD for joining our meeting and updating us re the school.

**8) PARISH COUNCILLOR VACANCIES**

**NC** confirmed that we have 2 vacancies. 1 can be filled now but the other is still being advertised re the resignation of Nigel De Badgecoe by SBC and can be filled shortly. There has been some interest shown. Once again, NC, thanked NDB for all his hard work.

**9) PLANNING**

**a) TAYLOR WIMPEY – LAND SOUTH OF GREEN LAND, CASTLE LEAVINGTON**

**PLANNING PUBLIC INQUIRY UPDATE**

**AMC** reported that he had gone along to the Public Inquiry which covered
Traffic, Landscape and Ecology – Biodiversity and Wildlife.
Fortunately, SBC had employed the services of an Ecologist and John Hardy who was the Lawyer and Mary Jane Neil. The Ecologist report was accurate. However John Hardy does work for Fish Legal, and he had identified that Forestry England have maps that identify ancient woodland with some identified to but on to the proposed development. John sent him a report done by a professional legal group – Surrey Wildlife Trust employed by SBC.
**NDB** drew to the attention to the meeting that should SBC be successful residents should be aware that a further planning application will no doubt be submitted and, any comments that were sent in by residents will not be considered and they must make comments for a second time.

**b) Planning Update and Proposed Developments**

**i) St. Martins Green – Story Homes**

NC indicated that all the dead trees have been marked and hopefully they are about to be replaced. NDB suggested that they are probably looking to get the site signed off. NC suggested that it will be at the end of the year before they are replaced.

**ii) Taylor Wimpey –The Oaklands**

**NC** reported that there has been no update regarding the drainage problems and that we have discussed the issue of the fence above item 6)

**iii) Duchy Homes/Banks Homes– Hall Wood Meadow/The Cornfields - 22/1846/REM**

**JS** reported that the non-native hedge that has been planted has still not been replaced like with like.

**v) Knowles Farm**

**NC** reported that Mr Wallace has reported that large plant machinery working at 7.15a.m. and that he has written to Elaine Atkinson who replied to his letter indicating that the owner has acknowledged the breach and will be speaking to all contractors to adhere to the house of construction.

**vi) Kirklevington Hall Planning Application – 25/1001/FUL**

**NC** indicated nothing to report. **NDB** had circulated the YouTube video of the Urban Explorers entering Kirklevington Hall and taking videos. This is not acceptable and the video was sent to Karen Shields to inform .

**vii) Green Lane**

Nothing to report but we are pleased to see than the footpath is now being installed to the south of Green Lane from the Crossroad to the Railway. The **PC** reported that there was severe congestion up to the roundabout at the end of the school day with cars standing on the roundabout.

**b) APPLICATIONS**

**24/1770/NMB – LAND SOUTH OF GREEN LANE, EAST OF RAILWAY LINE, WEST OF A67**

Nonmaterial amendment to planning approval 24/1770/VARY (Condition 1 (Approved Plans) plot substitutions) (Plot 78,81,82,83,87,88,89,92,93,94,96,97,98,101,101,102,130 and 131)

**26/1568/RET – THE GARTH, THIRSK ROAD, KIRKLEVINGTON TS15 9LT**

Retrospective replacement of 1 no. existing garage door with a window to existing detached garage (part garage conversion) and change of use of part of existing detached garage to beauty business

**26/1442/FUL – 92 FOREST LANE, KIRKLEVINGTON TS15 9ND**

Erection of a single storey rear/side extension

**26/1537/RET – PUMPING STATION, NORTHWEST OF HOPPER CLOSE (DEVELOPMENT AT LAND TO THE WEST OF ST MARTINS' WAY), KIRKLEVINGTON**

Retrospective application for the erection of 2.4m high fence surrounding pump station.

**c) DELEGATED DECISIONS**

**26/1210/X – 49 ASH GROVE, KIRKLEVINGTON, TS15 9NQ**

Application to fell 1 no. Sycamore tree (T3) of tree preservation order 654 (00.8.5.651) **APPROVED**

**26/0798/FUL – 2 PENDERS LANE, KIRKLEVINGTON, TS15 9LZ**

Erection of single storey rear extension, dormer window to side, roof alterations to existing garage, installation of canopy to front and application to render and cladding. **APPROVED**

Erection of single storey front extension (Erection of single storey rear extension and conversion of integral garage into habitable room). **APPROVED**

**26/1390/DCH – HM PRISON, KIRKLEVINGTON GRANGE, KIRKLEVINGTON TS15 9PA**

Information to discharge condition no.4 (Biodiversity Net Gain) of planning approval 26/0253/FUL – Application for the erection of electricity substation. **APPROVED**

**26/1442/FUL- 92 FOREST LANE KIRKLEVINGTON YARM TS15 9ND**

Erection of a single storey rear/side extension| **APPROVED**

**24/1770/NMB - LAND SOUTH OF GREEN LANE EAST OF RAILWAY LINE WEST OF A67 YARM**

Nonmaterial amendment to planning approval 24/1770/VARY (Condition 1 (Approved Plans) plot substitutions) (Plots 78, 81, 82, 83, 87, 88, 89, 92, 93, 94, 96, 97, 98, 101, 102, 130 **APPROVED**

**b) THE GARTH**

**NC** informed the meeting that Mr. Rasmussen had come back to our response to the application and was unaware of the 1999 conditions which restrict business use. He has clarified his position and is requesting flexibility for working hours which need to work around family and school commitments. They note that they are often days with clients which makes conventional salon hours restrictive and unrepresentative of the part-time use. They reported that they have spoken to the owner of the shared drive who has stated that the activity is not affecting them and has no issues with the application. Waste will not include anything more than wax strips. They have no external signage or 'A' Boards or flags and will keep the property residential in appearance. Based on that the response was that clients must park within the curtilage of The Garth and must not park on the shared driveway or idle on the road at any time. Appointment only safeguards and must work strictly by appointment. The planning application should be personal to the family member, and the room should revert back to standard and domestic use should they vacate the property or cease trading. **AMc** wanted to be sure that the neighbours are aware of this application. It is understood that the next door neighbour has put their house on the market. **BR** stated that the nearest neighbour who is Sally Aitchison who has put in an objection to the application as the door to the business on the side opposite her property which is about 5 foot away. Had the door been put on the side looking towards their property this would have made a big difference.

**10) PLAY PARK**

**a) Maintenance - NC** reported that the grass and hedge has been cut. He also asked if we wanted the woodwork varnishing. Item to be discussed at the next meeting.

**b) Wall - AMc** to get Graham Tebbs to measure whether the wall is moving.

**c) Boundary Fence – Play Park/The Orchard**

**NC** - To formally ratify the permanent transfer of the sole future maintenance and ownership resonsibility of the boundary Fence to Mr. Alex Bennett and to authorize the PC to release the capped grant of £1,250 by bank transfer subject to the signing of the agreement. **APPROVED UNANIMOUSLY**

**11) CORRESPONDENCE**

**b) Finance Update**

The **PC** circulated up to date details of the Parish Council's finances to date together. The **PC** had brought to the meeting the Financial Accounts for 2025/2026 with AGAR that has now been submitted to the External Auditors for everyone to inspect.

**c) Email address**

The External Auditors raised that there is a need for either org.uk or.gov.uk email address and this is to be investigated by the PC and report back to the next meeting. **APPROVED**

**13) VILLAGE ISSUES**

**a) Halloween**

**NC** reported the format should be the same this year. **NDB** to send previous documents to **NC**.

**b) Christmas Event**

The event is now being organised by the Messy Team. They will be looking for a grant. They will be having a meeting shortly and will get back with costings.

**c) Mini Newsletter**

**NC** looking to put a Newsletter together to include dates of events. **NDB** is happy to print off.
**NC** asked if anyone had anything that they would like putting on the newsletter please contact me asap. Need to contact, Church, Choir, School for important dates.

**d) Nitrus Oxide Canisters – Village Hall Car Park**

**NC** reported that Two vehicles were seen on the cctv with 2 occupants who were there for some considerable time and left cannisters on the car park. Reported to the Police. This has brought the issue of making sure that the CCTV cameras are kept clean. **AMc** to go over and clean

**14) ROAD SAFETY**

**a) Speed limit A67 – The Crown**

We are still awaiting notification from Rob Morrow when this work is to commence. **NDB** is happy to support the Parish Council who were involved with this work and all present were happy for him to be involved. He was able to confirm the estimated costs. The Borough Councillors Ward Transport Budget has approved £10,000 towards to works. We can obtain the gateways and put them into storage.

**b) Road Condition West of Railway Bridge, Forest Lane**

**NC** reported that a full survey is to be carried out by SBC from the railway bridge to the borough boundary of the road. In particular, the carriageway and edges of the road. It has also been requested that the site by viewed by an inspector so that any urgent defects can be identified and marked up. It was requested that all edging and patching be identified where urgent repairs are necessary. They have stated that the carriageway edges need to be reinstated, refreshed or widened once the assessment has been completed, a summary of findings together with recommendations as to how to proceed will be put together by Stuart Hincks, SBC.

**c) Residents' Concerns Forest Lane**

**NC** has put a letter together with a formal challenge to SBC that the resident was concerned about. We need to see if we can get Speedwatch together and working. We would be happy for concerned residents to come to the Parish Council and discuss concerns and get residents involved. To look at getting SID mended on Forest Lane, which is continually being broken by passing large, sided vehicles.

**d) Traffic calming measures Forest Lane**

We are still awaiting details of the proposed traffic calming measures which are part of the 106 Agreement re the development of Knowles Farm. **JS** stated that there were already pinch points ie. The railway bridge.

**15) AGENDA ITEMS FOR CONSIDERATION AT NEXT MONTHS MEETING**

Parish Councillor Vacancy Christmas Event Grant Halloween

**16) Dates of Meetings**

**Parish Council Meeting**

**Tuesday, 20th October at 7.00pm in Kirklevington Memorial Hall**

**Date to be confirmed on Hallmaster but could change.**

***Circulation: Parish Councilors*** Neil Clement (Chair), Nigel De Badgecoe, Jenny. Smith, Dr. Alistair McLee, Becky Rogerson, Karen Sheilds, Borough **Councillor** Mrs. E. Hampton – Southern Villages Ward
**Borough Councilors** Andrew Sherris, Dan Fagan, John Coulson, Yarm Ward (representing Green Lane), **Mayor of the Tees Valley:** Ben Houchen, **MP** Matt Vickers, Jonathan Nertney **Monitoring Officer SBC**, **Press** -Gareth Lightfoot, Alex O'Leary

**Email:** kirklevingtonparishcouncil@yahoo.co.uk

**Website:** www.kirkcommunity.co.uk
