

Kirkfest Treasure Trail

INSTRUCTIONS: Write down your answers and then take the **first** letter and the **last** letter of your answer (unless instructed otherwise) to eliminate a location off the treasure map which starts with those letters, as an example **VILLAGE HALL** would be V and L so you can eliminate **V**erity **L**ane from the treasure map, **S**tation would be **S** and **N** so that could be **S**ix **N**ations.
